EEM PROGRAM AMENDMENT – ACTION

Resolution ~~G-99-~~ G-00-12
Amending Resolution G-99-20

RECOMMENDATION

The Department of Transportation recommends the California Transportation Commission approve the following resolution, amending Resolution G-99-20, *Fiscal Year 1990-2000 Environmental Enhancement and Mitigation Program*.

Resolved, that the California Transportation Commission revises the 1999-00 Environmental Enhancement and Mitigation (EEM) Program as shown below:

<u>PROJECT NO.</u>	<u>APPLICANT & PROJECT</u>	<u>FY</u>	<u>AMOUNT</u>
Delete:			
144	Department of Parks and Recreation Newfield Acquisition-Sugarloaf Ridge State Park Acquisition of 160-acre Newfield property	99-00	\$250,000
Add:			
27	County of Sacramento Dry Creek Parkway Acquisition Acquisition of 35-acre parcel in Rio Linda for habitat management	99-00	\$250,000

SUMMARY

This amendment deletes one Fiscal Year (FY) 1999-00 EEM Program project for \$250,000 for a Department of Parks and Recreation project and adds one project for \$250,000 for the County of Sacramento.

The Department of Parks and Recreation (DPR), per the attached letter, has withdrawn the request for funding from the FY 1999-2000 EEM Program; the Newfield property is no longer available for purchase. Sacramento County's Dry Creek Parkway Acquisition is the first project below the cutoff line for northern counties projects that is ready to move forward at this time. The Dry Creek Parkway Acquisition project was not originally funded in the FY 1999-2000 EEM Program.

Subject : EEM Grant 1999-00
Newfield Acquisition-Sugar Loaf Ridge State Park
Application #144

As discussed, the California Department of Parks and Recreation will not be able to complete the above project. The owner had initially indicated a willingness to sell, but now wants to keep the property. Please consider this our formal request for withdrawal of our funding request.

Thank you for your assistance.
